

News & Events at Errigal Developments

Developer has strong belief in Burnley

Property developer is bullish about the future prospects of Burnley.

Preston-based Errigal Developments has office and industrial space at Kestrel Court, and the Network 65 business park, which have been snapped up by predominantly small and medium sized companies.

Rachel Wood, project manager for Errigal, said "It is extremely important to ensure that these companies have the appropriate accommodation available when they need to expand and our product meets that need.

Burnley as a location was chosen because the area offers opportunities due to the mix of businesses nearby. Well managed businesses based on sound economic need. We are seeing and increasing number of Burnley based companies enquiring about our property which reflects the strong local economic base."

Further details can be found at the schemes web site www.kestrelcourt.net
